OBJECTIVE

To leverage my strong foundation in Computer Science Engineering with a specialization in AI & ML to pursue a challenging role where I can apply advanced machine learning algorithms and artificial intelligence techniques to solve complex problems, innovate, and contribute to the advancement of the organization.

PROJECTS

TEXT SUMMARIZER

Jan 2023

- Web-Based application which help us summarizing the Text. Deep Learning concepts.
- The main purpose is to provide reliable summaries of web pages or uploaded files depends on the user's choice.
- In this Project HTML and CSS are used for Front-end and Python for Back-end.

WEATHER APPLICATION

Aug 2023

- The Weather Application is a comprehensive and user-friendly mobile application designed to provide real-time weather information and forecasts to users worldwide.
 - The application leverages GPS technology to provide hyper-localized weather information based on the user's current location, ensuring accuracy and relevance.
-

INTERSHIPS

- **Completed One month Internship in Python with Machine learning from Ybi Foundation:-**
During my internship at Ybi Foundation, I enhanced my Python and ML skills, worked on data preprocessing, implemented and tuned ML algorithms, evaluated models, built and deployed projects, and gained experience with Git and ML workflows.
 - **Completed Two month Internship in Web Development from TechOctaNet.**
During my two-month internship in Web Development at TechOctaNet, I developed web applications using HTML, CSS, and JavaScript, gained hands-on experience with both front-end and back-end technologies, and implemented responsive designs to enhance user experience.
-

TRAININGS AND CERTIFICATION

- Completed my Advance python Programming training organised by Allenhouse Institute of Technology.
 - Completed my Java Programming training organised by Allenhouse Institute of Technology.
 - Completed my Data Structure with C++ training organised by Allenhouse Institute of Technology.
-

EDUCATION

Bachelor of Technology

2021-2025

Dr APJ Abdul Kalam Technical University (Pursuing)

Intermediate

2019-2021

Christ Church Intermediate College
U.P Board

TECHNICAL SKILLS

- Expert in Microsoft Office
- HTML AND CSS
- Javascript
- Python Programming
- Bootstrap & React js
- JAVA

SOFT SKILLS

- Communication Skill
 - Leadership Skill
 - Problem Solving
 - Critical Thinking
-

ACHIEVEMENTS

Bagged 1st position in ROBOWAR Competition(2022)
